TOCH INSTITUTE OF SCIENCE AND TECHNOLOGY(ERNAKULAM ,KERALA)

B.Tech (Computer Science Engineering), 2019_2023 BATCH (second year student)

Coursework: Data Structures, Design and Analysis of Algorithms, Mathematics, Operating System

WORK EXPERIENCE

- **Machine Learning intern Verzeo(jan-Mar 2020)**

Worked on analysis of a given data using machine learning concept

Language used :Python.

- **Internet of Things Intern IHRD(INSTITUTE of HUMAN RESOURCE DEVELOPMENT)**

Learned the basic concept of Internet of Thing and Completed 10 days Internship

PROJECTS

- **COVID 19 Analysis**

Analysed the covid 19 spread data in india using Machine Learning Concept

Programming language used :Python

TECHNICAL SKILLS

- **Programming Languages:** C/C++(Proficient), Java, Python
- **Data Science:**, Standard ML Algorithms (Regression, Classification, Clustering),Deep Learning (Beginner)
- **Databases:** MySQL
- **Data Analysis:** Numpy, Pandas, Matplotlib

PASSION : Maths, Problem Solving, Designing Systems,Coding
