Kochi,Kerala

## EDUCATION

---

- **B.Tech .Computer Science .CGPA: 8.0/10.0**

Toc H Institute of Science and Technology

APJ Abdul Kalam Technological University

2019-2023(present)

- **Higher Secondary .Percentage: 94.5/100**

St Ignatias HSS

2019

- **High School .Percentage:91.5/10**

Stella Maris Public School

ICSE

2017

## PROJECTS

---

- **Evidence Management Using Blockchain**

[Hyperledger fabric]

A blockchain network using hyperledger fabric is used to store and retrieve evidence related to road accident.

University Mini Project

*Hyperledger Fabric,IPFS,Next.js*

- **FraudCustomerDetection** [Machine Learning]

Using Machine Learning,build a model to detect fraud customer in online transaction was a part of five member

Project for Internship

*python*

- **Kerala IOT Challenge** [Kerala IOT challenge]

Learned basis of Arduino and IOT as a part of Gtech Mulearns Program

Created 12 Project as a part of this program

*Ardunio*

## EXPERIENCE

---

- **Immnoes Technologies**

Android Development Intern

Build an app using Kotlin and Learned Api Integration and UI creation.Worked mainly in kotlin programming

*October 2019 - April 2021*

- **Verzeo**

Machine Learning Intern

Was a part of 5 team member.Build a project related to Machine Learning to detect fraud customer in online transaction .

*January 2020 to March 2020*

## SKILLS

---

- **Languages**

C/C++

Java(Basics)

Kotlin

Python(Basics)

- **Others**

Blockchain

Hyperledger Fabric

Api Integration
